

Can I type in my pesticide report on the Pesticide Reporting Service Bureau web site?

No, we do not provide online data entry for your pesticide report data. If you are a [commercial applicator](#) or [technician](#) who did not apply any pesticides during the report year or you are a [commercial sales permittee](#) who did not sell any pesticides, you may report to us [online](#). You can reach the same location from our [home page](#) by selecting the item "[Report that you *did not* make applications or sales during ...](#)" link.

If you would like to download one of our software options, see our [download](#) page.
